CLASS HISTORY

Many and many a year ago, two men exploring the new country stumbled upon a cave in Willis Mountain and carved their names there so others would know who were the first to come to the confines of Buckingham County. Thus began the history of the county. Years passed, settlers came, the county grew populous and prosperous.

Those people cleared the land, built the houses, and organized the government of Buckingham County. More years passed and the early settlers handed over to their descendants.

In 1949, we, who are here because of our forefathers' work and efforts to build a better world, became the 8th grade of Buckingham Central High School. That September day we were as the first two explorers in Buckingham. We were strangers in a strange land. When a bell rang, we were gathered in the auditorium and the principal called our names and we were divided into three groups under Mrs. Bransford, Miss Ingle and Miss Harris. Other than this, we remember very little about our year in the 8th grade. We felt lost a great deal of the time, but when spring came we "belonged" and were just awaiting the moment when we would be the Freshmen, and someone else would fill our vacant places in the Sub-Freshmen ranks.

When we returned the next fall, we found changes in our ranks. Some had dropped back and some had dropped out; some new ones had come in. This year we mapped out the road we would follow to our diplomas four years hence. Our home room teachers were Mr. Sholtzberger, Mr. Sadler, and Miss Garnett. Allan Shepherd, from Richmond, joined our class this year. Geraldine Ownby gave up further education for a job. The year moved on very rapidly and it was soon spring again.

In 1951, we found ourselves in the middle of our high school education. This time we were divided into two groups under Miss Garnett and Mr. Sholtzberger. About twenty of the group were invited to join the Beta Club. Some joined the Hi-Y and some became members of the various ball teams. Georgie Shumaker left school to marry Wesley Banton. Betty Harmon, who moved in the neighborhood from West Virginia, joined the class. All too soon, the tenth grade year was over and we were ready for our vacation.

In three short months we came back to Central. The Junior Class. We were really beginning to feel important. Before October had passed, three of the girls had eloped - Arlene Mottley, Louise Horne and Florine Jamerson. Janice Griffith, Eugene Hall and Dan Piercy were added to our rolls. Helen Savage and Margie Shumaker both enrolled in the "Blessed State of Matrimony." When we had completed our Junior year, the class had reduced from 100 to about 45.

The biggest thrill of the Junior year was the Junior-Senior prom. It was formal and very pretty. Everyone called it successful.

The end is now in sight. We are the Seniors! We have had the pleasure of ordering rings, calling cards, invitations, and caps and gowns. We have also had the thrill of going on the Senior trip to Washington in the worst snowstorm of the season. But regardless of the snow and a broken down bus, we had a wonderful time.

We are looking forward to the Junior-Senior Prom, the Senior Play and Graduation. One of our members, Frances Wright, decided to hasten her graduation, so she finished at Fork Union Summer School and married in August. Eugene Hall transferred to Hanover County, and Janice Griffith moved to Maryland. Phyllis Chandler married during the summer vacation. Bob Bryan, from Tennessee, joined us and Johanna Stillfried, from Germany.

We now have forty-two members of the Class of '54. Allan Shepherd is our President. In a few more months we'll have our coveted diplomas and our places will be filled by a new group of Seniors. The halls of Central that echoed to our shouts and laughter will know us no more.

CLASS PROPHECY

While walking down Route 20 this June morning 1964, we, Peggy Hardiman now an art teacher, Annie Oliver, now Mrs. Richard Smith, Shirley Stout, now Mrs. Richard Huddleston and Alice LaSueur, now Mrs. Harold Earman, passed a big dairy farm owned by Carter Taylor and Alton Ragland. They told us that Shirley Ragland, now Mrs. James Branch, lived on the adjoining farm. We dropped in to see her and found Alice Ragland, secretary to the Standard Drug Company in Richmond, was visiting her. Alice told us she had seen several of our old classmates the week before, Rosie Jamerson, Audrey Taylor, Annie Christian, Lucy Wootton- all had jobs in Richmond.

We started walking again. We got tired and sat down to rest. While we were sitting there talking over old times we saw a truck coming down the road, driven by Lyle Ranson who was driving for Allan Shepherd's Trucking Line. We rode a few miles with Lyle and we all stopped at Charles Whorley's store and he treated us with drinks. Charles told us that C. C. Shumaker owned a large pool room about two miles down the road.

Lyle's route ended there, so we started walking again. We finally reached C. C.'s pool room and whom should we see shooting pool but Bill Stanley, who was home on leave from the Air Force. Bill told us that David Cobb and Rowlett Bruce were in the Scottsville Memorial Hospital, recuperating from a disease they had caught in Africa, when they had landed their plane there. He also told us that their nurses were Laura Ayres and Johanna Stillfried. We thought we would go in to see David and Rowlett, but on the way we stopped in at a Recruiting Station and the stenographer, Ann Atwater, told us that Paula Hill, Ann Cook and Betty Harmon had been in the Air Force for two years.

We started walking again but had only gone a little way when Dan Piercy came by and picked us up. He was going to Bob Bryan's farm to vaccinate his cattle. Bob told us that Dave Morgan and Charles Shores were bachelors, living together in a nearby town. After we left Bob's farm we saw another farm house and walked toward it. To our surprise, it was the home of Edna Jamerson, now Mrs. Dude Roberts. We stopped to talk with her. We began talking about our old classmates and she told us that Gaynelle Maxey was a bookkeeper for Billy Miller, who owned and operated a large business firm in Scottsville. Before we left, Paulette Agee came by to see Edna and when we left she walked with us down to the new school, which was an elementary and high school combined. She started to introduce us to the teachers. The Home Economics teacher was Josephine Maxey. We went on down to the second grade and who would be talking to the second grade teacher, Mary Ester Adcock, but our old classmate Carolyn Jones, now Mrs. Jimmie Scott.

We thought we had learned enough for one day so we got a taxi and went home. When we reached our hometown, we found that Jo Ann Agee, now Mrs. Allan Shepherd, was there. She had been on her vacation and had visited Dolores Jamerson in Dillwyn, now a commercial artist. In Buckingham she had seen Jasper Maxey, who was a bookkeeper. While visiting on Willis Mountain during her vacation, she met Jimmie Charlton, an Astronomer, with the Mt. Palomar Observatory. In Richmond she had visited Sue Gilliam, who was a Medical Technician in the Medical College Hospital.

We all decided to stay together since we were too tired to go any further. We ate a hot supper and went to bed to dream about the year 1953-1954 at Central, when we were all young and carefree. We were glad to find so many of our classmates doing so well.

CLASS POEM

OUR FIVE YEARS AT CENTRAL

When we were in the eighth grade,
We had an inspiring time;
New friends, new rooms, new teachers,
Everyone seemed so kind.

Then we were in the ninth grade,
We tried to be so very tough;
The way we acted around the school,
Was certainly bad enough.

Next we were in the tenth grade,
We'd reached the middle of our part;
And our grades began to fall,
Because our dates began to start.

Now to the eleventh grade,
We thought we were dignified;
If we had looked at ourselves,
We were merely "gigleified."

And here we are the Seniors,
Whom you hear so much about;
When someone mentions graduation,
We all give a lusty shout!

Now we wish to say "good-bye,"
To the ones we leave behind,
Teachers, school mates, Mr. Hurt,
You've given us a fine time!!
